Describe the problem or requested service. Please attach any additional sheets, if necessary.

In accordance with Chapter 44 of Title 18, US Code, and Chapter 53 of Title 25, US Code, I am temporarily conveying to you the enclosed NFA firearm(s) for repair. The BAFTE does not consider such a temporary conveyance for the repair of NFA firearms a "transfer" under the terms of the NFA. Therefore, a Form 5 transfer application is not required. In order to properly document the repair of this firearm and ensure a transfer does not take place, a copy of the current registration of the item is included (a copy of the BAFTE Form 3, 4 or 5 is attached) and this letter is authorizing BANISH Suppressors to make the necessary repair to these firearms and return them to me when completed.

- I included a copy of my approved tax stamp and this repair form with my suppressor.
- I packaged my suppressor sufficiently to prevent damage during shipping.
