LENGTH

ABYSS[™] 5.56

Featuring five of Gemtech's latest patent-pending technologies, the all-new Abyss 5.56 is destined to redefine the hard-use suppressor category. Its proprietary design reduces muzzle flash and decibels while also reducing gas blowback for improved user comfort and host reliability.

LOW BACK PRESSURE DESIGN
for greater host reliability and shooter comfort

HIGH EFFICIENCY BAFFLE DESIGN
for high sound reduction

GM-S1[™] END CAP DESIGN
for minimized muzzle flash from the first shot to the last
