## NEUTRON<sup>™</sup> 7.62

Featuring four of Gemtech's latest patent-pending technologies, the versatile Neutron 7.62 strikes the perfect balance between size, strength, and weight. From a short-barreled machine gun to a favorite hunting rifle, the Neutron accepts a wide range of mounting hardware to better suit the host and task at hand. Its refined baffle and flash hider end cap designs mute muzzle signature, and the included ETM<sup>™</sup> adapter and muzzle brake offer rapid mounting and perfect alignment.

### TUBELESS DESIGN

Eliminates unneeded weight

### HIGH EFFICIENCY BAFFLE DESIGN

for high sound reduction

### GREATER WALL THICKNESSES

than competitors for long-term durability and safety
